MAYUR KAMBLE

FULL STACK DEVELOPER

Nagpur, India | 7262851772 | mayurkamble0250@gmail.com | LinkedIn

---

SUMMARY

Motivated and detail-oriented Full Stack Web Developer with hands-on experience through a current internship at Labmentix. Skilled in building scalable web applications using modern technologies like Next.js, React, Appwrite, Supabase, Prisma, and Clerk. Passionate about clean code, performance optimization, and delivering user-friendly digital experiences. Always eager to learn and grow in dynamic development environments.

EXPERIENCE

Web Developer Intern - Labmentix   **Feb 2025 - Present**
- Developing full-stack web applications using Next.js and React
- Integrating backend services with Appwrite, Supabase, and Prisma
- Implementing secure user authentication with Clerk
- Collaborating in an agile team environment to deliver scalable, user-focused solutions

Generative AI Intern - IT NetworkZ   **Dec 2024 - Feb 2025**
- Hands-on experience with NLP, deep learning, and AI model training.
- Improved skills in Python, machine learning.
- Gained knowledge of cloud AI services, API integration, and real-world AI applications.

PROJECTS

Cloud Storage Platform (Link)   **Feb 2025**
ByteSphere Cloud is a modern cloud storage solution built with Next.js and Appwrite. It provides a secure and user-friendly platform for storing, managing, and sharing various types of files also enabling file sharing for up to 100+ users.

Personal Portfolio Website (Link)   **Feb 2025**
A modern, responsive portfolio website built with React, Vite, and Tailwind CSS. This portfolio showcases my projects, skills, and professional experience with a clean, interactive design.

Recipe Book Web App (Link)   **Dec 2024**
A React-based web app where users can add, view, search, and save recipes. It integrates Firebase for authentication and storage, allowing users to manage their favorite and self-added recipes.

E-Commerce Website (Link)   **Oct 2024**
A dynamic online store built using HTML, CSS, and JavaScript, featuring product listings, a shopping cart, and filtering options. Integrated a dummy API to fetch product data and used localStorage to manage the shopping cart for a seamless user experience.

SKILLS

- React Js
- Responsive Design Css (Tailwind)
- HTML,CSS,JS
- State Management
- API Integration
- Performance Optimization
- Version Control (Github)
- Build & Deployment (vercel, netilify,github)
